<p>4. Policy</p>	<p>4.1. Policy Overview</p> <p>Under the Education Services for Overseas Students Act 2000 and the associated requirements of Standard 7 of the National Code of Practice 2007 the College is restricted from enrolling transferring international students within the first six months from the commencement of the student's principal program except in limited circumstances.</p> <p>If you are an international student you must complete six months of your principal course before you can transfer to another Registered Provider.</p> <p>If you have not completed six months of your course, your application to transfer may be refused, except in the limited circumstances as outlined in this policy. International students transferring to another provider within the first six months of their principal course without obtaining a letter of release are also at risk of having their visa cancelled by the Department of Immigration and Border Protection (DIBP).</p> <p>International students enrolled with the College who have completed six months of their principal course of study who wish to transfer to another place of study must follow the College's course withdrawal procedures to do so.</p> <p>International students who have been granted a visa under the streamlined visa processing arrangements also generally need to stay enrolled in a streamlined visa processing eligible program with an education provider participating in the arrangements, in order to remain compliant with the conditions on the student's current student visa.</p> <p>4.2. Calculating the six months</p> <p>The start date for calculating the six (6) calendar months is from the date when the student commences their principal course.</p> <p>4.3. Circumstances in which the College will allow the enrolment of international students transferring from another Registered Provider into the College prior to completing 6 months of their principal course</p> <p>The College will not actively recruit an international student wishing to transfer from another Registered Provider's course prior to the student completing six (6) calendar months of their principal course.</p> <p>The College will also not knowingly enrol the student wishing to transfer from another Registered Provider's course prior to the student completing six months of his or her principal course of study except where:</p> <ol style="list-style-type: none"> the original Registered Provider has ceased to be registered or the course in which the student is enrolled has ceased to be registered; the original Registered Provider has provided a written letter of release; the original Registered Provider has had a sanction imposed on its registration by the Australian Government or state or territory government that prevents the student from continuing his or her principal course; or any government sponsor of the student considers the change to be in the student's best interest and has provided written support for that change. <p>If the student is under the age of 18, written evidence is also required that:</p> <ul style="list-style-type: none"> - the student's parent or legal guardian supports the transfer; and - the College being transferred to has put arrangements in place for approving a student's accommodation, support and general welfare; and - the request is accompanied with the student's signed ACAP or NCPS <i>Letter of</i>

Offer-Agreement.

Only in the excepted circumstances listed immediately above will the College issue a Conditional Letter of Offer-Agreement to the student, which will also make clear that enrolment is conditional on the students attaining a Letter of Release from their current provider. A Confirmation of Enrolment (CoE) will not be issued by the College until the student has provided an appropriate Letter of Release.

4.4. Circumstances in which the College will allow international students enrolled with the College to transfer to another Registered Provider prior to completing 6 months of their principal course

International students seeking to transfer from the College to another Registered Provider prior to completion of the first six (6) months of their principal course must seek approval to transfer and obtain a *Letter of Release* from the College in accordance with College procedure.

The College recognises overseas students as consumers and supports them to exercise choice and that some international students may require support to transition to study in Australia. The College will take into consideration the individual circumstances of the student when determining whether or not the transfer will be detrimental to the student and whether or not a *Letter of Release* will be issued to the student. When making such judgements the College will ensure the reasons are adequately supported.

4.5. College grounds for granting the Issue a Letter of Release

The College will issue a Letter of Release if:

- a. the student's enrolled course is deemed by the College as academically unsuitable for the student. The range of factors may include:
- if the course the student wishes to transfer to:
 - better meets the study capabilities of the student
 - better meets the long term goals of the student, whether these relate to future work, education or personal aspirations
 - if the student wishes to change course in order to get access to greater support (may be through the services offered by another provider, commercial or non-for-profit services or through access to family, friends or a cultural support network)
 - if the student claims or can provide evidence that his or her reasonable expectations about the current course are not being met;

or

- b. the student can demonstrate compassionate or compelling circumstances which necessitate transfer to another provider and:
- (i) are beyond the student's control, and
 - (ii) have not made their full impact on the student until after the acceptance of their offer or their formal enrolment in their course, and
 - (iii) make it impractical for the person to complete six (6) months of study at the College.

In determining requests for release from a student with a package offer, the College will take into account the recommendation of the package provider; however the College reserves the right to differ with the recommendation and the decision of the College will be final.

	<p>4.6.College grounds for refusal to Issue a Letter of Release</p> <p>The College will refuse to issue a Letter of Release unless:</p> <ul style="list-style-type: none"> a. the student has a valid enrolment offer from the receiving Registered Provider; and b. the student, if under 18, has provided to the College written evidence that their parent or legal guardian supports the transfer AND, if appropriate, written confirmation that the new Registered Provider will accept responsibility for approving a student's accommodation, support and general welfare arrangements as per Standard 5 of the National Code. <p>The College will also refuse to issue a Letter of Release when the transfer is considered detrimental to the student. Factors that would be considered detrimental to the student include (but are not limited to):</p> <ul style="list-style-type: none"> a. a transfer would jeopardise a student's progress through a package of courses; or b. the student has not identified plausible benefits which will accrue from the transfer; or c. the student has recently had an intervention strategy put in place and there has been insufficient time to assess whether or not this will be an effective solution for the student; or d. the College forms the view that the student is avoiding being reported to DIBP for breaching any student obligations or student visa conditions; or e. a request to Transfer from the College to a non-Streamlined Visa Processing (non-SVP) institution within the first six (6) months will not be supported.
<p>5. Policy Procedures</p>	<p>5.1.Procedure to apply to transfer to the College within six (6) months of commencing a principal course with another Registered Provider</p> <p>(a) <u>Application Lodgement</u></p> <p>To apply for transfer to the College within six (6) months of commencing a principal course with another Registered Provider the international student must initially, complete the College's normal course admissions process for international students, indicating that they are also applying to transfer within the first six (6) months of their principal course with another Registered Provider.</p> <p>Upon receipt of an application the College will identify through PRISMS whether the international student is currently enrolled with another Registered Provider and seeking transfer within the first six (6) months of their current principal course.</p> <p>(b) <u>College Issuance of Conditional Letter of Offer-Agreement</u></p> <p>If the student is found to be currently enrolled with another Registered Provider seeking to transfer within the first six (6) months of their current principal course, the College will only issue the student a Conditional Letter of Offer-Agreement if both the exceptional circumstances warranting transfer outlined at item 4.3 above apply and if the College has deemed the student is eligible for course admission. The issued Conditional Letter of Offer-Agreement will make clear that enrolment is conditional on the students attaining a Letter of Release from their current provider.</p> <p>If the student is found to not be currently enrolled with another Registered Provider or not seeking to transfer within the first six (6) months of their current principal course, the College's standard international student admissions processes will apply.</p>

(c) College Issuance of Confirmation of Enrolment

The College will only issue an international student enrolled with another Registered Provider seeking to transfer within the first six (6) months of their current principal course, their Confirmation of Enrolment (CoE), when the international student provides to the College:

- a 'Letter of Release' from the other Registered Provider;
- their signed Letter of Offer-Agreement; and
- following the College's receipt of any due monies as listed in the College Letter of Offer-Agreement.

d. College Issuance of 'Unsuccessful' Letter

The College will issue an 'Unsuccessful' Letter to any student who has applied to enroll with the College who is also seeking to transfer within the first six (6) months of their current principal course if the College has deemed:

- a. that the exceptional circumstances warranting transfer outlined at item 4.3 above do not apply to the student; and/or
- b. that the student is not eligible for course admission.

The student is welcome to re-apply for enrolment with the College once the six (6) month period has passed.

5.2. Procedure from students enrolled with the College to apply for a Letter of Release to transfer to another Registered Provider

(a) Application Lodgement

An international students seeking to apply for transfer from the College within six (6) months of commencing their principal course to another Registered Provider must do so by submitting a completed College 'Application for Letter of Release - International Students' form, as instructed in the form and supply with the application the required information and supporting documents.

The following supporting information and documentation is required to be submitted with the application:

- a. a statement of reasons for the release request with evidence to support one of the eligible criteria for release,
- b. a copy of a valid enrolment offer (e.g. Letter of Offer) from the intended Registered Provider, and
- c. If the student is under 18:
 - written confirmation that the student's parents support the transfer, and

The College will notify DIBP of the student's withdrawal from their course via PRISMS and the student's CoE with the College will be cancelled upon completion of this withdrawal process.

(c) College Issuance of Letter Requesting Further Information

If the student does not supply all required documents with the Application for Release, the Registrar (or designated officer) will issue the student a letter requesting further information.
